Fall Changes at Peninsula Lakes Golf Club

You may have noticed that Terry Reece, our course superintendent, and his crew added a beautiful new rock garden feature at the beginning of our parking lot. This area was always a challenge to maintain and grow grass, but now it adds another spectacular view at Peninsula Lakes! Great job!

Driving Range Closure - October 10th

Please be aware that the driving range will officially close for the season at the end of the day on Monday October 10th (Thanksgiving). The weather has been fantastic all year long and as a result the range has been put to good use and it is looking a little tired and worn.

In the coming weeks we will begin work on the tee deck to address the problems we experience in the spring and fall.

The plan is to install a new teeing ground area at the back of the range that will allow for both an artificial hitting surface as well as natural grass.
